

LET'S CREATE TOGETHER!

A DAY TO UNLEASH YOUR CREATIVITY

I love creating with others. Join an intimate gathering of women at my home in Petaluma for a day of fun and creativity.

We'll look at ways to enhance our innate creativity, explore any resistances to creative freedom, and discover somatic practices that will best serve you.

WORKSHOP HIGHLIGHTS

- Discover what naturally turns on your creativity, so you can bring that forward in your daily life.
- Learn somatic practices to support your ability to bring more creativity into your life.
- Enjoy the creation of community as we learn, move our bodies and create together.

Somatic awareness truly opens the door to creativity!

Register by October 20 to reserve your spot.

Creativity Workshop
